Windy words

This activity is designed to introduce, develop and reinforce the vocabulary that is associated with wind. It uses decorative (non-functioning) windmills as the medium for display.

You will need

- Paper
- Ruler
- Pens
- Scissors

Steps

1

Using the ruler, draw the shape of a windmill with four sails on the paper.

2

Cut out the windmill and set it to one side.

3

Brainstorm words connected with the wind, such as 'blowing', 'breeze', 'gale', 'whoosh', 'gust', 'cool', 'whistling', 'howling', etc.

4

Arrange the words in various ways in order to create wind poems.

5

Copy the poems onto the sails of the windmill to make a 'windy word' display.
